

Sketch Wireframing Kit – v1.2

This is a collection of symbols and text styles for quickly mocking up web apps, created by your friends at Bohemian Coding, and released under the MIT license.

Document Structure

The document has 2 pages, as follows:

1. Welcome page (this one), with some default artboards for Responsive Web Design
2. A collection of all symbols available in the document

Symbols – Usage

Use the toolbar Symbols icon to add symbols from the predefined library to your document.

We have grouped them for your convenience, so you'll have no trouble finding the perfect symbol for your design.

Text Styles – Usage

Use the toolbar Styled Text icon to add styled text layers from the predefined library to your document.

Keep in mind that text styles are kept in sync, so the style changes you make to one text layer are propagated to all layers using that style.
